Get Fucked!

No...seriously...we want you to...as often as possible

After you've fucked...

From collegecandy.com comes some great advice on what to do once you and your partner have fucked. This is really directed at situations where one of the participants is visiting the other's bed, rather than for couples who live together. Post-coital minutes can be a somewhat awkward time, but not if you follow this advice.

When the sex is over, what do you do? Laugh? Put your pants back on and split? Those are two options, but here are a few that are more meaningful.

Clean up: It's not the most romantic thing to do. Either do the naked or covered-up walk to the bathroom, or–if you're the host–have a full box of tissues or a roll of toilet paper beside your bed.

Eat: Making something leads to a full stomach and a cute way to spend time together. If you'd really just like to stay in bed, ice cream and a topping always does the trick.

Go out: You'll both have that post-sex glow, so go out for dinner or even for a walk. Don't forget your "guess what we just did" smile.

Watch a movie: Curl up on the couch with a good movie. It's a great time to get your cuddle on.

Pillow talk: It's said that a man is most like himself right after sex. It's the best time for relationship-deepening conversations if that's what you're after.

Smoke: Many people choose to light up post-coitus. It's said to calm your heart rate.

Go to sleep: Sex chemicals can make anyone tired. Have a spoon session and call it a night.

Eat celery to get her and then sex her

According to the authors of *Stay Young: Ten Proven Steps to Ultimate Health*, eating celery can help you to get laid and perform a lot better during the act as well.

Androsterone, a steroid found in human sweat, gives off a scent, or sex pheromone, that makes males more attractive to females. Because celery contains high levels of androsterone, eating it will increase the pheromone-secretion level in your body. So you should smell much more appealing to a female.

Once you get the girl to bed, celery will increase your sex drive and up the amount of your ejaculatory fluids, making your climax stronger–and you seem more potent

The effects of eating celery are almost immediate, but don't overdo it.

"We recommend that a guy work out, have a shower, chomp on a few sticks of celery, brush his teeth and then head out the door smelling good," says the authors.

Most females fake orgasms most of the time

Researchers at the University of Leeds and the University of Central Lancashire, questioned 710 heterosexual women aged 18 to 48 about their sex lives, asking them questions about "vocalization" during sex, specific times during the sex act they make noise, what kinds of noises or words they make, and their reasons for doing so.

They found that women are often quietest when they are actually receiving pleasure, like during oral sex or foreplay, and they make the most erotic noises when sex starts feeling uncomfortable or when they get bored. They also get noisy when they sense their partner is ready to climax–to boost their partner's self esteem.

A staggering 80 percent of the women said they moan and groan not only when they are absolutely not climaxing or coming anywhere near it, but when they are fervently wishing for the whole thing to be over. A whopping 80 percent fake orgasms during vaginal intercourse at least half of the time, and 25 percent of the women fake it 90 percent of the time.

What not to do in bed

From a bad-sex-weary babe at thefrisky.com, comes this list of the worst things a guy can do before or during sex to completely turn off his lover and, possibly screw up his chances of a repeat sesson. So, check them out guys.

1. Hassling me about having to use a condom.
2. Not even trying to get my bra off.
3. Hanging a mirror next to your bed so you can watch yourself.
4. Making so much noise I nearly pop a vocal chord trying to fake an orgasm.
5. Forgetting to clip those dag-

10 Signs that she's faking it

A piece on askmen.com lists 10 ways in which your lover can be faking it in the sack. So, perhaps you're not "Super-Orgasmo Man" at all.

10. **She's done before you are.** Most men have the staying power of a 1970 Ford Pinto, so if she finishes before you, she's definitely faking.

9. **Her frenemy is staying with you.** Some girls make their frenemies jealous by using sex. If the girl who always got cuter boys (than your gal) is staying with you guys, and that night your girl goes into hysterics during sex, you should check if the bedroom door was "accidentally" left ajar.

8. **She's glancing at the clock.** If you see her doing it while you're on top of her, get off. Right away!

7. **Brushing your teeth was the closest you came to foreplay.** Fact: The only thing women like more than *Sex And The City* reruns is lots of foreplay. Whether it's talking, teasing or touching, it takes a lot more than a wink and a "hey, baby" to get a woman raring to go. So, if your idea of foreplay is putting deodorant on before sex, expect an orgasm faker.

6. **She's an aspiring actress.** Meg Ryan's now-iconic fake orgasm in *When Harry Met Sally* is proof positive that all it takes is mediocre acting chops to fake the orgasm to end all orgasms. If your girl has her starry eyes set on Hollywood, be wary.

5. **Your socks are still on...and she doesn't care.** The best sex of a relationship comes during the honeymoon phase, when two people first get together and hook up at least four times a day. Time passes and things aren't so glamorous. She "forgets" to shave her legs and you leave your socks on during sex; one of the most unattractive things a guy can do. If she tells you to take them off, you may have hope. If she doesn't, she doesn't even want you in the same bed as her.

4. **It wasn't free.** Most people believe that money can't buy happiness, but it sure as hell buys orgasms. Try this: buy your girlfriend flowers, a cashmere sweater, a fancy dinner, and first-class tickets to Paris–all on the same day–and we promise you that you'll have the best sex of your life, and she'll pretend to have the best sex of hers.

3. **It's your birthday.** If your lover only manages to get excited on the day that celebrates your exiting of your mother's womb, it may just be a birthday present, and not the earth-shattering experience you think it is.

2. **She always finishes at 11:35 p.m.** Does your lover climax at the same time, night after night, just as the opening credits of her favorite late nights talk show start? If you answered yes, it can only mean two things: She's hot for the talk show host–and you're bad in bed.

1. **She's dirty-nagging you.** If, during sex, she is more concerned with the mess you're about to make on the brand new satin sheets, or why you haven't gotten around to shaving your back hair like you promised, it may be a sign that her head isn't where you'd like it to be.

Booty Call ground rules

• No sleeping over unless the sex was very good and we both want to repeat it
• No meeting in public unless it's for dinner or drinks before the event.
• No calls before 9 p.m.–we don't have stuff to talk about.
• No discussions about where "we" are heading or the potential of a relationship.
• No plans made more than 48 hours in advance–max.
• No baby talk but dirty talk is encouraged.
• Calling out the wrong name during orgasm is acceptable.
• No falling asleep after sex. That's when we go our own separate ways.
• No arranging the next session during a current session.
• Doggie-style sex is definitely preferred, to keep eye contact to a minimum.

Stop cumming so soon

These excerpts are from an excellent article about PE on danandjennifer.com, written by Lloyd Lester, author of *Ejaculation by Command.*

"The next time you feel the uncontrollable urge to climax, think about what makes you feel good. This will help "debug" your quick orgasm reflexes. For many guys, the positioning of the hips plays a huge role in defining how long you can last. Thrusting with vigorous hip movements can push you to the verge of climax very easily, especially if you are engaged in the conventional missionary position.

There are many ways to fight premature ejaculation

"Also pay attention to the positioning of your partner's legs during penetration. If her legs are closed tightly, more pressure and stimulation will be applied to your penis glans and if you aren't trained properly, you will likely last no more than a couple of quick minutes. Try spreading her legs apart during intercourse, thrust more deeply and rub your pubic mound against her genitals. You will last longer and she will derive more pleasure at the same time! You need to maintain your levels of arousal without allowing yourself to boil over to a climax.

"Maintain a steady tempo during penetration. Allow your thrusts to slowly gain momentum and when you sense you are fairly close to a climax, slow down, and if need be, withdraw entirely. Resume penetration when the arousal tapers off. Communicate with your partner why you are doing this. Her support will help you build greater confidence in your performance.

"Try alternating between deep and shallow thrusting. Shallow penetration will stimulate the sensitive nerve endings in the first two inches of a woman's vagina. Deep thrusting will present less friction and stimulation on your penis glans and help you rock on much longer!"

wants to fuck you. Here, from menshealth.co.uk, are four tips for embarking on a no-strings-attached night of sex.

Her: "So, your place or mine?"

You: "Yours."

Always her place. Never insist on taking her back to your place. "Personal safety is going to be paramount for her and she's going to be more relaxed at her own home," says sexual and relationship psychotherapist Paula Hall. Not having your toothbrush available is a small price to pay, isn't it?

Her: "Do you want to sit down?"

You: "No, actually."

A study by the University of Illinois in Chicago found that women showed greater arousal responses–measured by recording the number of nonverbal cues they exhibit–while being kissed standing up, rather than laying or sitting down.

Her: "Do you think I do this all the time?"

You: "Oh god no, of course not!"

The final barrier is a psychological one. "The girl wants you to understand that she isn't like this normally," says Professor Anne Campbell from Durham University, specialist in the psychological impact of one-nighters. "She needs the guy to know that she is doing this especially for him, on this night, as a particular event."

Her: "Am I going to see you again?"

You: "Yes."/"No." (As applicable)

Before you leave her place, make sure that you've got all of your belongings–keys, cell phone, wallet, clothing–anything that you want to keep. The only thing you should leave behind is your phone number...if you are actually planning on seeing her again.

Best fucks are over 40

A recent survey of 2,000 women aged from 18 to 65 found that those in their 40s are less self-conscious about their bodies and, as a result, are more confident when it comes to sex. Up to 80 percent of the over 40s said they are now more adventurous with their partner than during their 20s, and 60 percent said they feel more assertive. By contrast, 20 percent of the women under 30 said they often pretend to be satisfied in bed, compared with just seven percent of over 40s

Researchers also found that 68 percent of the women in their 40s are fully aware of which love-making technique gives them the most pleasure, and more than half are not too embarrassed to ask for it. Up to 58 percent said they have the best sex when they are married, often because they are more experienced.

Well over 90 percent of women insisted that fidelity was essential in a long-term relationship, which made the number admitting to affairs (28 percent) so surprising. Only 5 percent of the married women who had been unfaithful said it was when they had their best sexual encounters. *NC*

Hummer Time

Pussy is great, but her mouth is where it's at

By Malik Tucker

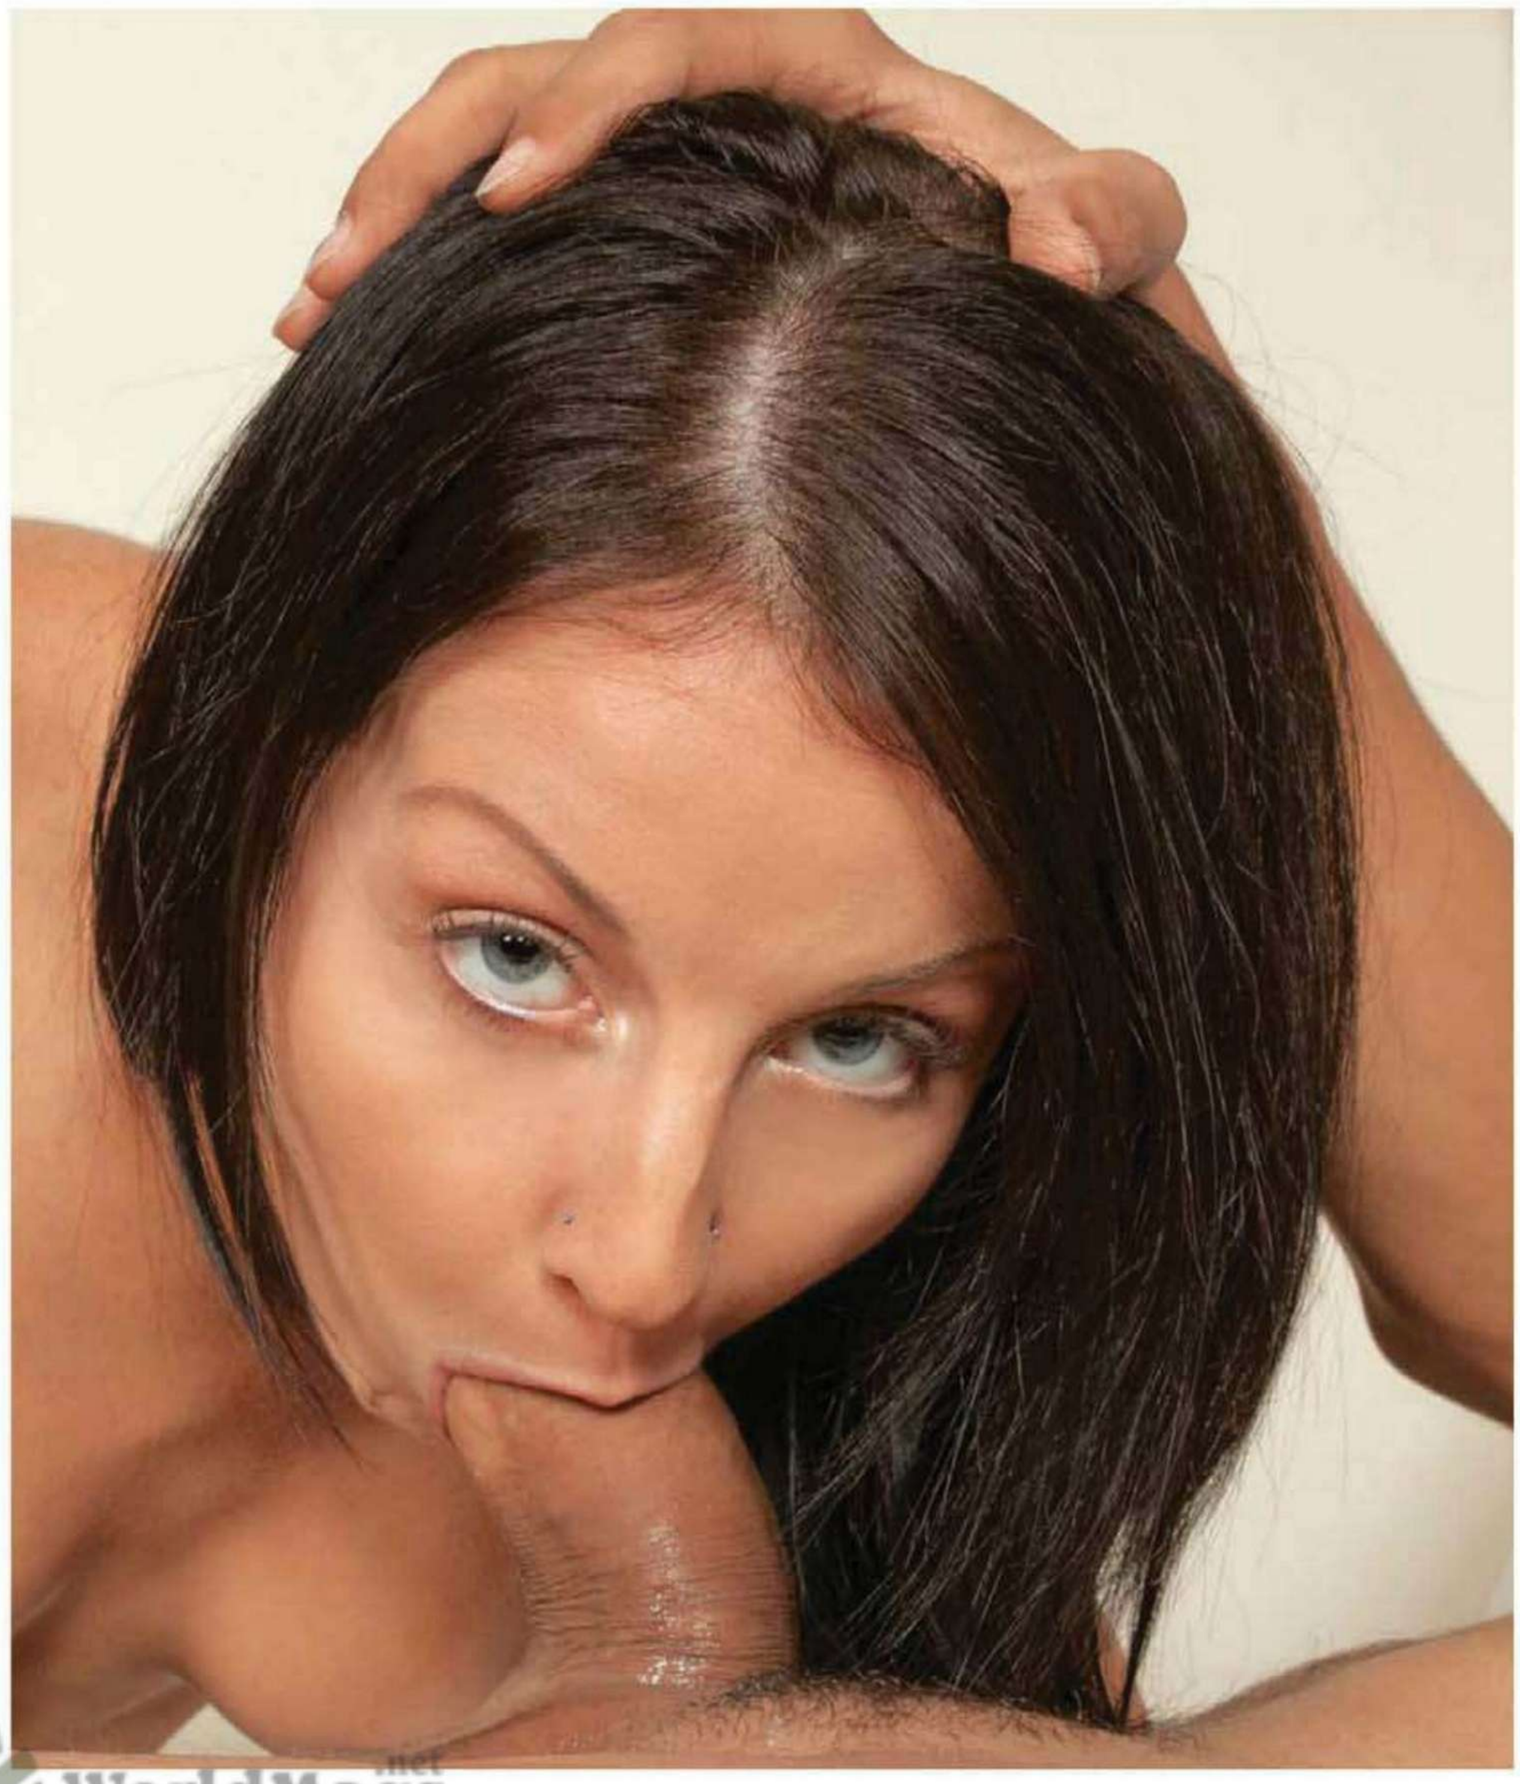

The humble blow job has sexual physics on its side. Nature designed the vagina to be an efficient semen-extracting machine so the species could be properly propagated and males still had plenty of time left over after coitus for hunting and gathering. Nature decided to give females the ability to orgasm from sex so they would consent to do it because they could get something out of it other than just a baby, now and then.

But with the blow job which, basically, has to be totally consensual and is only about giving the male pleasure, the penis is caught in a pleasure vise, manipulated in a controlled oral environment that affords maximum control and variety of texture with a minimum of actual pressure. When you find your dick in the right mouth, the result is an achingly slow build to the state of screaming-meemies that is rarely achieved any other way. Plus the visuals are unimprovable: your cock going in and out of some chick's mouth.

They say there is no such thing as a bad blow job, that any blow job is a good one. That might be so for a 15-year-old getting one behind the gym at school, but

continued on page 70

A hummer is an exercise in relationship building which could always be far better if the girl took her time.

SHE'LL SWALLOW IF YOU TASTE BETTER

The following is from an informative website–askdanandjennifer.com–that you and your lover could learn a lot from.

"Many guys get really turned on by the idea of their partner swallowing their semen. Many women, however, don't enjoy swallowing due to the taste of their partner's semen. You can improve the taste, color and texture of your semen just by changing your diet.

"Toxins such as alcohol, caffeine and nicotine can all flavor your semen in negative ways. The body rids toxins in any way that it can, through urine, sweat and even ejaculation. Medications and other drugs, such as marijuana, can also flavor your semen and make it saltier or cause it to have a bitter aftertaste. Ridding your body of these toxins is the first step in sweeter, better tasting sperm.

"Eating a good amount of fiber, protein and vegetables is a great way to start improving the taste of your semen. The best way to actually flavor your semen is with fresh fruits, especially pineapple. Any fruit will help your sperm become sweeter, including apples, cherries, pears, grapes and more. Even fresh fruit juices will help and can often be more convenient than eating whole fruits. Avoid eating vegetables that cause gas, such as cabbage, broccoli and cauliflower as this will cause your semen to taste more bitter. Vegetables such as celery and wheatgrass can improve the taste of your semen, as well as herbs such as cinnamon. Also, remember to drink plenty of water to keep your body flushed out and hydrated. Eat as healthy and natural as you can, because even the preservatives in chips, candy and frozen foods can make semen taste bitter."

Exercise is an important part of sexual health, and your overall health and fitness also plays a part in how your sperm tastes. Frequent sex or masturbation can also help keep your semen in good condition, as new sperm and semen are being made on a regular basis. If you take one or more steps to help improve the taste and quality of your semen, your partner may be more willing to try swallowing after going down on you and may be more comfortable with the taste of your sperm. Try eating well and exercising for a week or two before asking your partner to swallow after a blow job again. Give your body enough time to flush out the toxins and absorb the nutrients you're putting into it.

Angelica was meeting friends in Miami to go on a cruise. She arrived a day early…to screw a SCORE Group stud. "I used to read *Newcummers* with a former boyfriend, and I started fantasizing about being with a stud," she said. "Making it come true was one of the best experiences of my life! It was an awesome fuck and my orgasm was an unexpected bonus. I might find it hard to fuck a 'regular' guy in future who's not so experienced and caring…or as well hung."

Friggin Funny

Jokes from the www.

Blind date 1

Last night I was supposed to meet a blind date outside a restaurant. I saw a girl matching the description of my potential date and said to her, "Hi. Are you Sue?"

She looked me up and down and asked, "Are you Steve?"

"Yep!

"I'm not Sue," she said.

Blind date 2

Last night, I went to her parents' place to pick up a blind date. Fuck, she was ugly! Her father took me to one side and said, "Bring her home at midnight."

"Like hell," I said. "She'll be home by 10. You're not palming her off on me!"

Ouch!

I met this hot babe in a bar and she took me home. We were soon naked on her bed and she got up on her hands and knees and said, "Do me from behind."

I got into position behind her and looked down at her asshole just waiting invitingly for me to slip my dick into it. I thought to myself, "Fuck it, I'm gonna give it a go," and before she knew it I was in there balls deep.

"She let out a little sigh and said, "That feels *sooo* good. Which finger is it?

Quickies

• I'm a big believer in safety around the house. I often check the smoke alarms ...by asking my wife to cook something.

• I was chatting to this girl last night and all was going well untill I got the feeling that she didn't trust me.

She wanted the money up front!

• I asked my wife, "Are you going to hibernate this winter?"

Perplexed, she said, "No. Why?"

"Because I noticed that you're fattening yourself up."

• My blonde girlfriend was sucking my dick when I said, "Can we try reverse cowgirl now?"

Always willing to please me, she took my cock out of her mouth and said, "Oooooommm!"

• I was complaining to my buddy about how my new girl sucks in bed.

"Shit; she can't be as bad as my wife," he commented.

"It's funny you should say that," I said.

• Is it any wonder that homeless people are always so poor when all they ever ask you for is small change?

• Bored? Pour some superglue into a non-stick pan.

Somebody's got to be wrong.

"I thought only guys do the paper bag thing..."

• I don't get laid very often. The next time I do, I'm worried that I'll feel like I'm cheating on my right hand.

• Have you ever wondered what sex position your parents were in when you were conceived?

• I've discovered a great way to last longer when I'm fucking my wife.

I keep my eyes open and only think about her.

• After examining my wife, our doctor took me aside and said, "I don't like the way your wife looks."

"Neither do I," I told him, "but she's great with the kids, she's a good cook and she still gives great blow jobs."

• I keep letting my girlfriend down.

Well, it's much easier to wash her when she's deflated.

• Why don't women fart as loudly as men do?

They can't keep their mouths shut long enough to build up good pressure.

• My wife thinks that I've developed erectile dysfunction.

I just don't have the heart to tell her she's become a fat, ugly cow.

• My wife knows how to please me with her mouth

By shutting up.

• You know you're jacking off too much when you have to take Viagra before you watch porn.

• Lying next to my girlfriend last night after fucking her, I said, "I think I'd be great in a porn film."

"There's already a movie called *Gone in 60 Seconds* she said."

• My girlfriend and I have made a great porn movie and posted it online.

She's gonna be so damned pissed when she finds out.

• I tried phone sex with a new company last month, and was shocked when I saw a $200 charge on my phone bill.

I sure wont be calling "Sexy Stuttering Sluts" again soon.

• The only female who's ever been good to me was a blow-up doll, and even she left me.

I shouldn't have filled her with helium.

• After I dumped a girl she went round telling all our friends that I couldn't find her clitoris.

The joke's on her; I never even looked for it.

• I just said to my girlfriend, "What's a guy gotta do around here to get a blow job?"

"Pilates would be a good starting point," she replied.

• A friend phones a blonde to tell her, "I've just done a pregnancy test."

"Wow. Were the questions hard?" asks the blonde. *NC*

any guy who's had a bad one knows that's not true. Telling a girl that her blow jobs suck is risky. You might as well ask her to bite your dick off. Even worse, she might never blow you again.

To approach this correctly, to teach her how to give you the perfect blow job, you're gonna have to proceed cautiously. You're gonna have to know the right things to say and when to say them. And you're gonna have to hope that she's a fast learner. So, here are the most common mistakes that girls make when giving blow jobs, and my suggestions on how to correct them...without getting your cock chewed off.

SLAM. BAM. DAMN!

Most women tend to use the quickie method of giving a BJ. It's as if they think of it as a chore, which, of course, it isn't, although Kim Cattrall's character said in an episode of *Sex In The City*, "There's a reason they call it a job." Many females see giving a blow job as a bothersome task, a way of keeping you happy. (Yet most of these same females regard having you go down on them as almost a prerequisite to having sex with you.) The BJ is an exercise in relationship building. Of course, the relationship would be a whole lot better if she'd take her time sucking your cock.

What to do. Make it a game. Have her come to your office–under false pretenses–and somehow talk her into sucking your cock. Throw a tantrum and say, "I need to relieve some stress before I buy a shotgun and take out everyone in this office." If she's a good girl (with a social conscience) she'll get on her knees and give you a BJ as quickly as possible. Make sure she uses her hands a lot and licks you from balls to tip.

When she's done, nonchalantly say, "Thanks for the quickie," even though she just gave you a BJ at her normal pace. But don't forget to add, "Maybe later on, we'll have time for a slow one." Somewhere in her mind, it'll click that her blow jobs have been too fast and what you really want is for her to take her time. Or maybe she won't know what the hell you are talking about, in which case a fast blow job is better than none at all.

"NO TEASE BITCH"

Anticipation is more exciting than the real thing, except when it comes to blow

jobs. She thinks it's cute to stick her tongue out and not touch your cock. She thinks it's creative to wrap her mouth around your dick and not apply any lip pressure. Stop this torture early on.

What to do. The first time she attempts to be a tease like that, slam her face into your cock. You could also slam your cock into her mouth. Then either she will get really offended and refuse to give you head ever again, or, like a trained puppy, she'll know never to do that again without suffering the consequences.

PULL MY FINGER, NOT MY DICK

When firing a gun, the key is to squeeze, not pull, the trigger. The same is true when a chick gives a blow job. Having a babe tugging on your dick feels nothing short of abuse.

What to do. Before she commences the blow job, tell her in a half-joking, half-serious way that, "Damn, baby, you were so good last night that I'm still a little tender this morning. Take it easy on me down there, please." Hopefully, she will get the hint. If she is that dense and does not catch on and roughs you up, wait till it's your turn to go down on her, then finger her pussy hard. When she complains, say "Sorry. My mistake, babe. I thought we were being rough tonight." She'll definitely take the hint.

BITE ME...NOT REALLY

Don't allow your girl to use her teeth in a biting way. Nibbling on your knob is okay, but biting like she's chewing on a hot dog is not sexy and she could do some real damage. She could bruise you and could even give you an infection. The human mouth isn't exactly the cleanest thing around, and we already know where her mouth has been.

What to do. Say to her, "I read where girls say it feels really good when a cock tickles the roof of their mouths." First, let her grasp your cock gently, wrapping her whole hand around it. With the other hand, have her cup your balls. Then slowly put your dick in her mouth, having her hold it in place with her lips. Let her use her tongue to push your dick gently against the roof of her mouth and have her nod her head up and down, not back and forth. This will give a great deal more pleasure to both parties.

PUFF, PUFF, GIVE

A BJ can get monotonous if she does the same thing to your dick every time.

What to do. Let her know you like the way both her mouth and her hands feel on your cock. Give her instructions in a sexually-satisfying way. "Oooh yeah. That's the spot. Now suck it a little. Oooh! Use a little more hand." To her, you're just enjoying yourself, expressing your appreciation and praising her, so her feelings won't get hurt.

GO, SPEED RACER, GO!

You have a chick who is inconsistent with her dick-sucking technique. You don't want her to start out at one speed, then change abruptly, only to go back to the original speed again. She needs to build up and stay there, like a car driving on an expressway. Nothing's worse than stop-and-go traffic with your dick.

What to do. When she reaches the speed you like, just say, "Oh honey, suck it just like that. It feels so good that way. Don't change." See? You're not criticizing. You're just letting her know what feels good to you. And if she ignores you and keeps changing speed all the friggin' time, then just shoot a load of cum into her mouth and tell her to hit the road.

IT TASTES LIKE CHICKEN

Okay, so you came in her mouth, and she already has the taste of cum on her tongue. Why should she spit it out? She'll just mess things up. You've come this far, what's to stop her from going all the way? Swallow, baby, don't spit.

What to do. This is a major problem, because, from what some chicks have told me, some guys have rotten-tasting cum.

So maybe it's her. Go healthy on her ass. Tell her that cum is protein and that it's good for her. And remember what I said earlier about relationship building? What greater act of commitment could there be than a girl swallowing your spunk? Tell her that. Say, "C'mon, do it for me, babe." Most girls will do just about anything if you're nice to them.

If all else fails, next time you cum in her mouth, hold her head down. Sometimes, a girl just needs to learn what's best for her.

The majority of babes want–indeed, expect–their lovers to go down and eat their pussies and get them off before they spread their legs to be fucked. So they shouldn't hesitate in reciprocating with a little mouth-on-genitals contact. They're not being sluts or whores, they're being caring and attentive lovers who are willing to sexual pleasure. *NC*

hand down her back to her ass, into the cleft and over her puckered hole.

"Hey, slow down," she gasped, her hand stealing down to my cock.

"You've got to be kidding," I said, my cock growing even harder in her grip. "Sit on the bench."

She did.

"Now open your legs for me. Spread 'em real wide and let me taste you."

She did.

I knelt before her and breathed deeply. Her pussy scent wafted up to my nostrils and I pulled her by the hips closer to me. She locked her legs around my head as I nuzzled into her beautiful cunt, my tongue parting the lips as I licked and tasted her. She twitched and moaned softly with obvious delight.

Then I climbed up, stood astride her before lowering myself over her mouth. She licked at my balls before reaching up and grabbing my cock, gobbling at it while I stared down at her.

Oh, God, it felt so good, so fucking fantastic that I slammed in again and again.

She sucked harder and faster I was almost ready to blow and she sensed it. She pulled away, scooted out from beneath me and positioned herself over the bench reaching out to wiggle her sexy ass at me.

"Come on baby, fuck me," she begged.

Instead, I knelt before her again and parted her butt cheeks. My tongue ran around her puckered butthole while my hand searched beneath her for her clit which I began to gently rub. She moaned and groaned again as I worked on her, and it wasn't long before she came, crying out as her juices dribbled down onto the palm of my hand.

"Please fuck me," she begged. "I need it. I need it now, you bastard!"

I was in two minds. Should I fuck her or should I just leave it as it was? You know, I'd be able to say, "I've never had sexual relations with that woman." I love that line. But my cock took over.

I slammed into her, thrusting my cock high into her hot, wet cunt. Oh, God, it felt so good, so fucking fantastic that I slammed in again and again. She held onto the bench and pushed back into my groin,

"My girlfriends say I'm more like a guy because I'm horny all the time," Shaylon said. "I'll have sex any hour of the day or night. But I like my creature comforts, so I'll only screw in a bed or on a big, comfy sofa. I'll try anything as long as it's not gonna hurt me or I'm expected to hurt the guy. I've fulfilled a fantasy by being in a magazine to be jacked over (I hope) by guys all around the world. Next up is to go to a swingers' event and get it on with several guys and girls at once."

A perk of the game

continued from page 86

grinding in as she peered over her shoulder and demanded that I do her harder.

Sweat was pouring off me and it was all I could do not to blow. I wanted to show her that I could give her exactly what she wanted, so I thought of anything but what I was doing, pounding her cunt again and again until she was screaming, her juices oozing out around my cock to dribble onto the damp wood. Her panting grew louder when I slipped a finger into her butthole.

"Oh please!" she soon groaned.

"What?" I gasped, stunned, thinking she'd had enough.

"Let me ride you," she said wickedly.

She begged me to keep going, to keep on fucking her, but I was totally stuffed.

In a flash, she had me sitting on the damp seat, my ass cheeks feeling the heat from the steam on the wood as she sat astride me. She lifted herself, positioned her cunt right over the knob of my cock and slammed back down. The sensation was so awesome that my balls almost exploded. She grabbed my head and pushed it between her breasts. I licked the salty taste of sweat off them, enjoying the feel of her hardened nipples as she slammed up and down on my cock. Before I knew it, she was having another loud orgasm and I was cumming way up inside her like a volcano spewing out its lava .

She begged me to keep going, to keep on fucking her, but I was totally stuffed. There's only so much a man can stand, and even though she was one of the hottest babes I've ever fucked, I had just finished a tough tennis match. (I won it, by the way.)

As she sat astride me and we calmed down and struggled to get our breathing back to normal, she tried to get me to memorize her cell phone number.

"Call me," she said, kissing me.

"Sure," I promised, forgetting the number already and giving her ass a quick smack as she wrapped the towel around her bod and made her way out of the sauna.

I lay back on the bench, totally and utterly fucked, enjoying the steam and the quietness. I was dozing off till another female voice startled me.

"Hey, aren't you..."

"Oh, oh," I thought. "Here we fucking go again!"–name and city withheld *NC*
