Beeb must put its mouse in order

SUNDAY

REPORTS that BBC flagship The One Show, should shock and appal every licence fee-payer.

And claims that the mice are FURLOUGHED and that being public funds are being used to pay their little mouse "wages" should stun every taxpayer.

This paper holds the BBC in the highest esteem.

Iconic programmes such as John Craven's Newsround, Watchdog and Doctors inform, educate and entertain - the founding principles of the Corporation.

The popular transmission Homes Under the Hammer is maybe worth the licence fee alone.

But that does not mean the BBC should be above criticism.

As long as the Corporation is funded by a fee that users must pay – by law – the BBC must come under the closest scrutiny.

So, the scandal of The One Show mice cannot remain unreported.

Today we ask: WHY are mice employed on the BBC payroll?

• WHO was it that took the decision

to furlough the mice? • What OTHER BBC shows use rodents in this way.

And until these questions are answered, public trust in the BBC cannot remain undented.

Reading and Leeds restivals have been cancelled, on account of the Chinese Death Plague. Earlier this year, we were told that Glastonbury – that huge assembly of posh wankers in the Somerset mud – was also scrapped for 2020. The loss of Reading, Leeds and Glasto in one year is disappointing. But it's nothing compared to the loss of this year's Roskilde Festival.

Because the Danish music beano is a PROPER jamboree – with people taking part in naked runs and everything! Running since 1971, the Roskilde Festival is one of Europe's biggest music events, but 2020's bash will not happen. That means there will be no Naked Run this year! To help with the disappointment, here are some pics from previous years' events...

What Steve found inside the hut Explorer finds sex hut hidden in the woods

WOMB RAIDER:

news@sundaysport.co.uk A STUNNED explorer stumbled across what appeared to be an abandoned SEX HUT with a MINGE-shaped entrance. Steve Gray was strolling through woods on the outskirts of Grimsby when he uncovered the baffling building. Kitted out to look like the inside of a womb, the hut was filled with bloodstained mannequins and had several bizarre figures standing guard in the trees outside the entrance. Steve also found a leaflet titled "Muddled Marauders" claiming there was "plenty of womb for everyone". Steve, who films himself exploring abandoned buildings, said he'd never had a find like it before. In the video he's visibly shocked by the hut, calling it a "messed up place". When he suddenly realises what the inside is meant to be, he criss

WITH all the sunny weather we've been having over the past few weeks, lying down in the park in the sun is a very tempting idea. And with temperatures nudging the seventies, wouldn't a trip to the seaside for a bask on the sand be a lovely thing? Well now you can! When Boris announced the easing of the lockdown a week ago in his inimitable gibberish style, he signalled a green light for lying down and catching a few rays. OK, that might mean you also catch a bit of Chinese death plague as well but after weeks being cooped up, many Brits look likely to take that risk. Who would have thought that just days ago, free is a very tempting idea.

WE have nothing to fear but

WE have nothing to fear but fear itself... The words of Franklin D Roosevelt were meant to calm jitters as he was inaugurated for his first term as US President during the Great Depression. And the crafty old bugger was onto something. Of course, we have a little more than "fear itself" to worry about right now.

onto something. Of course, we have a little more than "fear itself" to worry about right now. The idea of breathing our last, choking on phlegm, isolated from loved ones, is not a happy one. But my guess is that the fear of a dreadful death will end up killing a lot more people – and blighting many more lives – than the virus itself. Yes, COVID-19 kills people. I know folk who have lost relatives to this wretched illness. I also know people who have lost loved ones to cancer, to dementia, to the drink, to drugs, to road accidents – all before their time. Fear of these things is not making us shudder in terror, though.

But coronavirus fear is sending people bonkers. Last week, a woman I know –

Last week, a woman I know – after hearing of the tentative plans to reopen schools – wrote: "We are literally being sent to the slaughter." No. No we are not. It gets worse.

The sharpher, young to be the start of the start work of the second start working on 5G received more abuse last month than in the whole of last year, following claims the technology was linked to coronavirus. Openreach, the firm rolling out the high-speed mobile phone network, said that attacks had escalated during the pandemic.
Sixty-eight incidents of verbal and physical abuse - most of them linked to 5G opposition - have been reported since April 1. This compares with 42 for all of 2019. Let's just reflect on that...
Telecoms engineers are being attacked in the streets because some people have become sounhinged, they think the virus is spread by mobile phone masts. That is gold-plated lunacy. And this fear, this paralysing dread, WILL kill people.
The longer we all cover in lockdown, the worse the economic future will be.
It's not a case of it being a choice between money and living because having no money kills people.
The poorer people are, the earlier they die.
If you live in Jaywick, Essex - one of the poorer countries are, the earlier they die.
People in Luxembourg, which has the highest GDP per capita, on average live to just over 82.
In South Sudan, the poorest country on earth, life expectancy is a shade over 55.
We need to get Britain firing on all cylinders again as soon as possible or what remains of our lives will be nasty, brutish... and short.

Man

THERE are variations of 'Sack Man' or 'Bag Man' reported in different forms across the world, all with the same message: if you're a child who's naughty, you're going to get carried away and dragged straight to Hell by the Sack Man. In Germany he's known as 'Krampus' – a horned devil who spirits away ill-disciplined girls and boys at Christmas time.

interesting to watch as sort of an accelerated version of an urban legend. "It differs from the prior concept of the urban legend in that it is on the internet, and this both helps and

harms the status of the Slender Man "In my personal opinion, an urban

legend requires an audience ignorant of the origin of the legend. It needs unverifiable third and fourth hand (or

more) accounts to perpetuate the myth. "On the internet, anyone is privy to its origins, as evidenced by the very public Something Awful thread. "But what is funny is that despite this, it still spread."

Indian FAVE FILM: Anchorman Bradley Cooper FAVE HOLIDAY:

BEFORE the lockdown closed their doors, the pub was a great place to meet old mates. relax and have a laugh over a couple of drinks. In happier times, our reporters

visited British boozers up and down the country to ask babes all about their sex lives.

Thankfully, we got a few interviews "stockpiled" before all the pubs got shut. In today's feature, we speak to Melissa and Lauren from Enfield...

FAVOURITE SEX POSITION

Lambrini

MELISSA: What's your favourite sex LAUREN: I like going on top because it feels good and I love being in control during sex. On top you can hold his arms down and really let him know who's boss. What

about vou? **MELISSA:** I'm a bit boring really, but I like a man being n top because I like kissing

luring sex. **LAUREN:** Do you like other positions?

DRUISE. On yeah. Don't get me wrong, I love being adventurous and trying all different kinds of positions. Sex is supposed to be about fun and trying new things, I love it.

ONE-NIGHT STANDS

LAUREN: I've had a few one-night stands and I really like the excitement of them. Have you ever had one

MELISSA: Actually, I haven't. I just like the man to wait before he gets to sample the goodies I have to offer

LAUREN: Really, have you never

been tempted? MELISSA: Yeah, but I like to get to know them first. What was your best one? LAUREN: I pulled this fella in Magaluf and I went back to his apartment and had wild sex. We did it in every room and it lasted for hours. We were still at it when the sun came up. It was great.

WORST SEX EVER MELISSA: What was the worst sex you have

LAUREN: It has to be my first time, it was MELISSA: Why?

LAUREN: The fella didn't have a clue what he was doing and it was really awkward and it was over very quickly. What was

MELISSA: It has to be my first time, too. He had a really small willy and it was a big letdown. It has got a lot better since then, thankfully!

LESBO LOVING LAUREN: Have you ever fantasised about getting it on with another woman? MELISA: No, it has never appealed to me. I think I like men too much. LAUREN: What if your boyfriend wanted you to have a threesome with another girl? MELISEA: L would probably punch birg.

you to have a threesome with another grl? MELISSA: I would probably punch him. I should be enough woman for him. Why, have you ever done it with a girl? LAUREN: No, but I reckon I might be tempted if I was horny and really drunk. I have kissed one of my friends for a laugh when I was hammered. It was good fun. MELISSA: Who would be your ideal woman to twy it with?

to try it with? LAUREN: It w **LAUREN:** It would have to be Charlize Theron. She is just so gorgeous and I

would love to kiss those beautiful breasts and big lips. **MELISSA:** Mine would be Jessica Alba. She is just perfect in every way. Gorgeous.

BEST SEX EVER

LAUREN: What was the most exciting shag you have ever had? MELISSA: I probably shouldn't tell you this, but I had amazing sex on our kitchen table in our last flat. LAUREN: What! I ate on that table.

HAUREN: What I are on that table. **MELISA:** I know, I'm sorry but it was just the heat of the moment. He ripped my clothes off and he took me over the table. It was wild. What about you? **LAUREN:** I was driving this fella in my car and he said he wanted me there and then. So we pulled into an industrial estate and had sex in the hack seat of the car right.

there in the car park. It was really exciting because there were lots of people around and we could easily

have been caught. MELISSA: Yeah, there is something

We did it in every room and it lasted for hours – and we were still at it when the sun came up

really hot about doing it somewhere you can get caught. It's a real turn-on.

SEX FANTASIES

MELISSA: Have you ever carried out a fantasy? LAUREN: No, I have been pretty boring in that respect. But I would love to have a

threesome with two men, and preferably one of those men would be Johnny Depp.

huge. It is about 10 or 11 inches, it is eye-wateringly massive. LAUREN: Blimey, what did you say when you

MELISSA: Really? You are a dirty girl at

LAUREN: Not really, but I do love sex and

having one man is great so two must be even better. even better. MELISSA: You like dressing up, don't you? LAUREN: Yeah, I like dressing up for my boyfriend. I've been a sexy French maid and a nurse, the usual. It makes him happy.

WILLY SIZE

LAUREN: So what is the biggest willy you have ever seen?

MELISSA: Well, luckily for me, it has to be

my current boyfriend's, it is absolutely

MELISSA: I went "Woo-hoo, this is going to

LAUREN: Mine was about nine inches and, believe me, size does matter. It felt so much better than a small willy.

MELISSA: Yeah, big ones are much better, sorry fellas.

AVE HOLIDAY: Ibiza

SPIT OR SWALLOW

MELISSA: Spit. I don't really like the taste and it has a lot of calories in it. I've got to watch my figure. What do you do? LAUREN: Swallow. It seems like the polite thing to do and it is less messy. MELISSA: Don't you think the taste is horrible?

horrible? **LAUREN:** No, it doesn't bother me. I think the men enjoy it more if you swallow.

SEX TOYS

LAUREN: I've never had a sex toy, would you recommend one?

you recommend one? MELISA: Definitely, I love them. You can get these things called play pumps, they are brilliant and make you really hot. Why don't you have one?

age type and the one? LAUREN: I would like one, but I've always been embarrassed to go to a shop to buy one. Maybe I need a bloke to buy me one. MELISSA: You should definitely get one. I have hours of fun with mine when my boyfriend isn't around. **LAUREN:** Okay, but you'll have to buy it

for me!

BUM FUN

BUMP FUN MELISSA: I'm going to shock you now, because I've grown to love having anal sex. What about you? **LAUREN:** No, I have never tried it and I don't think I'd want to. The idea of someone sticking their "biggun" up there just makes me squeamish. Some blokes have asked to do it, but I have said no. How did you get into doing it that wur?

have asked to do it, but I have said no. How did you get into doing it that way? **MELISSA:** Well, we'd had a few drinks and he just came right out and said let's try it. And I agreed! He was really gentle and got into a good rhythm and I suddenly felt this incredible excitement. In the end, I was begging him to do it harder and I had an amazing orgasm. We've done it regularly since and it gets better and better.

OH-NO MOMENT

OH-NO MOMENT MELISSA: When I was on holiday last year I had sex with my boyfriend in the toilet cubicle at a beachside bar. It was all going well until the owner came in and started ranting and raving in Spanish. I don't know whether we'd been heard but we got dressed, strolled out of the cubicle with a big smile on our faces and then legged it! **LAUREN:** We'd been out for a curry one night and I started farting during sex. I just wanted to curl up in a ball, but my boyfriend seemed to find it hilarious and just carried on. He said it didn't bother him but I was really embarrassed!

bought me rally car driving

experience. I went out to the farm where the cars and dirt track was and went to meet the bloke in charge, who was with his daughter, a very fit blonde of about 25.

daughter.

Dani says...

THE prick I'm living next door revs his car engine at half six in the morning, but that's not the worst of it – he's had the cheek to knock on my door and tell my missus to keep the noise down while we're shagging as it's annoying his parrots! I went round to give him a piece of my mind but his wife answered the door. She was very apologetic and invited me in for a cuppa and told me she got off on the noise my missus made and could I do it for her?

So I porked her good and proper, but I had to keep my hand over her mouth. PM, Chelmsford

burted out you could nave sex round here and no-one would ever know". But she slammed on the brakes, turned the engine off and removed both our crash helmets before kissing me and then unfastened my pants. She then started fondling my balls and licking me until I was rock hard. Then she pulled her own jeans and panties off and told me to shag her from behind in the back of the motor. I slid my cock in, holding her tits as I eased in and out, squelching noises breaking the silence. After 10 minutes we both came and after a safe return to the farmhouse, her father said: "Your wife called and asked me to take some photos of you whizzing round the tracks in all that mud. mud. mud. "I've managed to get a few good ones," he added, but didn't show me them. He didn't send them and my wife's pestering him to, while but I'm terrified he might have shots of me bonking his
